

Check In

- Flights require check-in thirty (30) minutes prior to departure and will close 15 minutes prior to the scheduled departure time. After a flight closes:
 - Seats for passengers who have not checked in may be released to stand-by passengers.
 - Aircraft may depart prior to the scheduled departure time
- Passengers are required to be present fifteen (15) minutes prior to scheduled departure time for flights that depart from any outlying location, to accommodate unforeseeable variations in flight time.

Baggage

- Size will limit each aircraft to four (4) passengers plus the cargo allocated to each scheduled flight. Each scheduled flight is allocated one aircraft. The baggage allowance is calculated to allow a fair and equitable amount of baggage space for each passenger.
- Passengers are limited to forty (40) pounds of luggage, including “carry-on” items. All items are weighed at check-in. Passengers may carry small or fragile items to the aircraft prior to boarding. However, all items must be stowed by the pilot in the appropriate cargo compartments.
 - All baggage must be clearly labeled with passenger name, address, and destination telephone number.
- Oversized and bulky items, although they may fall within the weight limitation, significantly reduce the amount of available space and can overbook an aircraft. Examples of oversized baggage include:
 - Fishing Rod Tubes
 - Hard shell Gun and Bow cases
 - Bicycles
 - Large Strollers
 - Pet Kennels (special Kennel rates apply)
 - Large Coolers
 - Fish Boxes (special Fish Box rates apply)
- Fish boxes come in two standard sizes: small and large. These are preferred over bulky coolers to transport seafood. Taquan Air will gladly store fish boxes in our on-site cooler and freezer for a limited time. Boxes must be clearly marked with the name, address and phone number.
- Depending on demand, more than one aircraft can operate on the same flight allowing for excess baggage. Passengers traveling with baggage in excess of seventy-five (75) pounds are asked to contact us at least twenty-four (24) hours prior to the scheduled departure.
- Excess baggage and oversized items will be transported as space allows, which may include traveling on another aircraft at the same time or a different time and charged at a rate per pound.

- Articles free in addition to stated maximum of forty (40) pounds:
 - An overcoat or wrap
 - An umbrella or walking stick
 - Crutches and/or braces or other prosthetic devices on the same flight with the passenger dependent on the device
- All baggage is subject to inspection by Taquan Air. The suitability of baggage, as to weight, size and character, to be carried in the passenger compartment of the aircraft will be determined solely by Taquan Air.
 - Improperly packaged or protected baggage will be accepted at shipper's risk.
- When two or more passengers are traveling together to the same destination on the same flight present themselves and their baggage at the time and place, their maximum allowance will be the sum of their individual maximum allowance.
- Packing suggestions:
 - Use several small soft-sided bags
 - Large or heavy items will typically not fit on the aircraft without proper planning.
 - To guarantee boarding with large or heavy items, the advance purchase of additional may be a solution.
- Taquan Air will make every effort to transport excess and oversized baggage as quickly and conveniently as possible.
